About Us

Judges

Designers and manufacturers of exclusive gift ware.

Based on the photographic excellence of Fred Judge FRPS, Judges was founded in Hastings in 1902 and quickly established itself as one of the country's leading publishers of postcards, opening branches throughout the UK.

During his lifetime he won over 100 trophies, exhibited in America, Australia, Japan and New Zealand. He was specially honoured with one man shows in London, New York and Washington and had 83 acceptances in the annual exhibitions of the Royal Photographic Society.

In 1927 Fred relocated the business from the town centre to its current iconic premises, over the decades the building was expanded, equipment modernised and today the company upholds Fred's ethos of creativity and quality to cater for modern demands.

Everything you see in this brochure is manufactured in our iconic factory situated just off the seafront in (usually) sunny Hastings.

We value our team's ability to work together, from our designers creating the original artwork to Tash assembling your products and despatching them out the door. We like to feel that we can iron out any queries quickly and we get the best possible results from our creativity and manufacturing skills.
