# Our process

## From artwork to despatch...

Everything you see in this brochure is produced in our iconic factory situated just off the seafront in Hastings. We value the opportunity to work under the same roof, from our Design department producing the artwork to the Production team assembling your products and despatching them. We know that we can iron out any queries quickly and get the best possible results from our creativity and manufacturing skills.

Our products are printed on either our Heidelberg printing press or the state-of-the-art Xerox digital press. This allows us to print to any volume you desire – short or long runs.

Please call by if ever you are passing, we might even treat you to a bag of chips on the beach!

# Sustainability

Our whole factory and office suites run on low energy lights

Our heating system has been upgraded to high efficiency boilers

The paper for our envelopes and the board we print on comes from well managed, sustainable and accredited sources

As all of our design and production happens under one roof there is no need for unnecessary transportation of stock

All our waste printing board and cardboard are sent for recycling. Our general waste is zero landfill

All of our company vehicles are now electric!

# How it works

## Let's work together to create a retail range for your location.

Visit our website to find a theme you would like for your artwork.

Next you can pick your products. We have lots to choose from; take a look through our website for our full list of products.

Now the fun begins! Our designers will create your artwork based on your requirements and send design proofs over to you for comments and to make any alterations that you require.

Once this is approved, we will send you visuals of your products.

Then our production team will create your products and send them to your door - this normally takes four weeks from approval of the visuals.

Visit our website:  
[www.judges.co.uk](http://www.judges.co.uk)

Or call us on  
**01424 420919**

### Step 1

Go to our website or give us a call

### Step 2

Find your theme

### Step 3

Select your products

### Step 4

Design and proof

### Step 5

Manufacture in-house

### Step 6

Delivery

## Important bits

To cover the design and set up charges we ask that you place a **minimum initial order**. This can vary depending on the design range.

The price includes up to two amendments to the artwork at the design and proofing stage.

In the unlikely event that you decide to cancel the order after the artwork has been created a **cancellation charge** will be incurred, this will be offset should the order be reinstated.
