JAN 25

Everything you see in this brochure is produced in our iconic factory situated just off the seafront in usually sunny Hastings. We've been printing for over 120 years so we know a thing or two about print and its associated processes.

We like to think of ourselves as a friendly bunch who value teamwork to help our customers through the sometimes daunting process. If you need a hand at any time give us a call or drop us an email, our design team is sure to help.

The paper for our envelopes and the board we print on comes from well managed, sustainable and accredited sources

Our whole factory and office suites run on low energy lights

Our printing inks are made from vegetable oils

As all of our design and production happens under one roof there is no need for unnecessary transportation of stock

All our waste printing board and cardboard are sent for recycling. Our general waste is zero landfill

Our heating system has been upgraded to high efficiency boilers

We are always happy to discuss any aspect of the design and production process.

Our office is open Monday to Friday 8:15am - 5.00pm and our sales@ emails are monitored outside these hours.

Our Process

Please take a look at our range of over 130 designs, many of which are new for this year. If there is something specific that you are looking for, please let us know as we may be able to source it for you.

Pick your card designs

Choose your size and packaging
(see pages 28-31)

Decide your logo, text and inside greeting

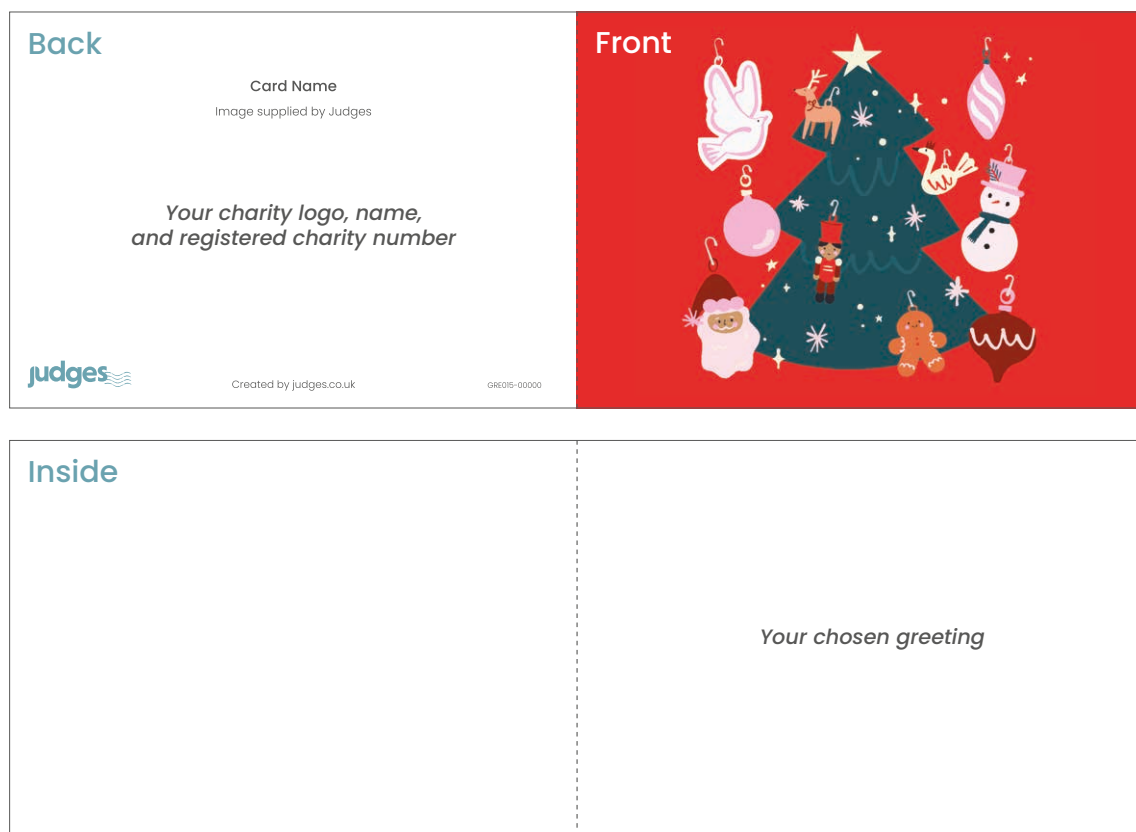

See pricing
(see page 34)

Email your order to us

Once you have chosen your card designs, please send us your charity name, logo, registered charity number, and any other details so we can add them to the reverse of the cards as shown below:

Other things to consider:

- What is the **greeting** on the inside of the card?
- Do you want a pack sell **price** added to the back of the insert?
- Do you want a **barcode** added (we can use your own or generate one for you at no extra charge)?

Low Quantity Bundles - see page 26

For customers wanting a variety of cards and only 25 packs of each, we offer our popular bundles, featuring your charity's name.

Local View Christmas Cards - see page 32

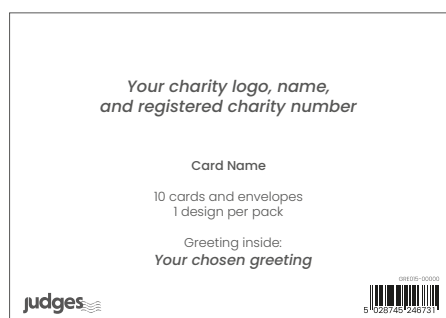

Everyone has an affinity to their home town, and we are delighted to offer a library of over 1200 delicate winter watercolours of locations around the UK.

NEW Kraft Card Packs

This year, we are delighted to launch our new, plastic-free, cardboard packaging option for our standard square and standard rectangle card sizes.

Printed by us in-house, these kraft card packs are printed on sustainably-sourced board and have a touch of winter added to the base with white vegetable-based ink. They hold 10 cards and envelopes, and expose the back of the card to clearly show your charities details.

Alternatively, any of our cards can be packed in clear, recyclable bags with an insert in the back.
