Creative gifts for your location

How it works

Let's work together to create a 'Your World' range for your location.

We start by sending you a design brief to fill out, where you tell us what landmarks, buildings and icons you would like to see on your artwork.

Next you can pick your products; we have lots to choose from; take a look through this brochure.

Now the fun begins, our illustrator, Beth, will create your artwork and send it over to you for comments and to make any alterations that you require. Once this is approved we will send you visuals of your products.

Then our production team will create your products and send them to your door - this normally takes four weeks from approval of the visuals.

Each order is delivered with a point-of-sale package to help you promote the range in your retail space - see page 12.

Important bits

To cover the design and set up charges we ask that you place a minimum initial order of £1500 + VAT.

The price includes up-to two amendments to the artwork at the design and proofing stage. Thereafter they will cost £50 + VAT per amendment.

In the unlikely event that you decide to cancel the order after the artwork has been created a cancellation charge of £250 + VAT will be incurred, this will be offset should the order be reinstated.

Our process

From artwork to despatch...

Everything you see in this brochure is produced in our iconic factory situated just off the seafront in (usually) sunny Hastings.

We value the ability of our team to work under the same roof, from Beth producing the original artwork to Tash assembling your products and despatching them out the door. We like to feel that we can iron out any queries quickly and we get the best possible results from our creativity and manufacturing skills.

Gavin, was first introduced to the Judges family when he joined us on a work experience placement from school and now heads up our print division over seeing our Heidelberg printing press and state of the art Xerox digital unit.

Please call by if ever you are passing, we might even treat you to a bag of chips on the beach!

Sustainability

Our printing inks are made from vegetable oils

The paper for our envelopes and the board we print on comes from well managed, sustainable and accredited sources

All our waste printing board and cardboard are sent for recycling. Our general waste is zero landfill

Our whole factory and office suites run on low energy lights

Our heating system has been upgraded to high efficiency boilers

As all of our design and production happens under one roof there is no need for unnecessary transportation of stock
